

I ♥ OUR  
LIBRARY

**\$25,000**

That's the 2016-17 contribution from Friends of the Dover Library, all thanks to you!

Our donation helped the library add programs and items on loan, and renew the vital museum and park passes, newspaper subscriptions, and digital resources on which patrons count.

## **a summer of learning**

The library's reinvigorated summer reading program inspired 100+ children to log 1,100 reading hours! This comprehensive program encouraged even more exploration through challenges (try a new genre! conduct an experiment! read outside!) and 60 events (like Slime Time and Storybook Engineering).

## **a cooking craze**

Sous-vide (/su:'vi:d/; French for "under vacuum"): a cooking method in which food is vacuum-sealed, placed in water, and cooked at a precisely regulated temperature. Try it (without shelling out \$300+ to Williams Sonoma)! It's just one of several new toys, gadgets, and gizmos now on loan, thanks to you.

## **a cuppa joe**

It's a seemingly small addition, but that free cup of coffee, courtesy of your donation, is a subtle, strong signal that our library is a comfortable community space.

**These are just a few examples of how your annual donation expanded and enriched the library we all love.**

# a list for you...
